Terry,

Our presence in Good Life Connoisseur Magazine has proven to be invaluable to us in capturing the imagination of the luxury market. The article and artwork were beautifully presented and really showcased our saunas perfectly.

We have used reprints of our article to send to people who have never had the luxury of experiencing our saunas before. Additionally we have sent the reprints to our dealers throughout BC and Alberta. All the dealers have them in their stores to give to potential customers.

Thank you for creating such a high-end publication!
Keep up the wonderful work!

Sincerely,

Kim Sterling
